COMPARE THE CANDIDATES

BEFORE YOU VOTE IN THE DEMOCRATIC PRIMARY ON MARCH 20.

✓ Democrat Dan Lipinski

Dan is a champion for the middle class, women and families. He believes the human rights championed by Democrats should be extended to unborn babies. Lipinski is a commonsense leader for our community who brings people together for reasonable protections for unborn babies and hardworking taxpayers. **Don't let out-of-state billionaires and special interests defeat our Congressman Dan Lipinski.**

✗ Extremist Marie Newman

The U.S. is one of just seven countries allowing elective abortions past 5 months, putting us in the company of human rights abusers like China and North Korea. Marie Newman supports abortion with no limitations, all paid for by taxpayers. Across America, people are being forced to pay for late-term abortions of healthy babies. Almost everyone agrees it's wrong for the government to force you to violate your own conscience... but not pro-abortion extremist Marie Newman.

THE CHOICE IS CLEAR.
