

Fact Sheet: Planned Parenthood's 2018-19 Annual Report¹

Planned Parenthood's Financials

- During fiscal year 2018-19, Planned Parenthood reported nearly **\$1.64 billion in income² and \$2 billion in net assets³ -- similar to the previous year.**
 - Just over \$591 million came from private contributions, down 6% from the previous year.⁴
 - Taxpayer funding in the form of government grants, contracts, and Medicaid reimbursements hit a **record high of \$616.8 million, or almost \$1.7 million per day⁵** – an increase of \$53 million (9.4%) from the previous year to make up nearly **38% of Planned Parenthood's overall revenue.**⁶
 - Planned Parenthood's taxpayer funding has **increased by nearly 27% since 2010.**⁷
 - Last year Planned Parenthood reported **excess revenue of 244.8 million.**⁸ **This line item has been eliminated in the 2018-19 report; however, the excess of total revenue over total expenses is \$110.5 million⁹**

Abortions and Non-abortion Services: Change from Last Year and Long-term Trends

- Planned Parenthood **performed 345,672 abortions¹⁰** in 2018-19 – an increase of nearly 13,000 from the previous year – and **more than 3.3 million abortions** (3,302,184)¹¹ over the past 10 reported years (2009-19).
- The number of patients (2.4 million)¹² remained constant from the previous report, while the number of abortions increased.
- In 2018-19, **abortions made up 95% of Planned Parenthood's pregnancy resolution services,** while prenatal services, miscarriage care, and adoption referrals accounted for only 2.7% (9,798), 0.6% (2,236) and 1.2% (4,279), respectively.¹³
- **For every adoption referral in 2018-19, Planned Parenthood performed nearly 81 abortions.**¹⁴ Over the past 10 reported years, the ratio was approximately 137 abortions for every adoption referral.¹⁵
- According to data from Planned Parenthood's own annual reports¹⁶, over the last 10 years:
 - Total services are **down 12.6%.**
